Ginetta Heritage Ltd will co-ordinate a series of races for all non-current Ginetta cars including those made by Dare UK. Within these races, two separate series will be run: The Ginetta Heritage Series and Club Ginetta. Regulations, eligibility and classes coming so We will also co-ordinate a free-to-enter-challenge for any non current Ginetta competing in any form of motorsport. anywhere in the world!

The major events for the series are the events at Mallory Park 24th May 2009, Lydden Hill 27 June 2009 and Cadwell Park 5 September 2009

The success of these exciting events will result in further Ginetta - only races. Until that time we will run an unofficial scoring system at selected races run by SEMSEC, the CSCC and Barry Siddery-Smith.

Sadly only the SEMSEC Meetings and the BSS race at Spa will allow all of our cars to compete, however to add variety, CSCC meetings where G15, G4 and G12s are eligible, have been included but do not score as many points.
